NDA 2 2026 Exam: What Difficulty Level Should You Expect?

NDA 2 2026 Exam: Quick Overview

Section	Expected Difficulty Level	What to Expect
Mathematics	Moderate to Moderately Difficult	Conceptual, calculation-intensive, and application-based questions
English	Easy to Moderate	Grammar, vocabulary and comprehension
General Knowledge	Moderate	Science, History, Geography, Polity and Current Affairs
Overall NDA 2 2026	Moderate	Balanced paper with some time-consuming questions

Recent [NDA analysis](#) also indicates that Mathematics generally demands greater conceptual application, while GAT tends to be relatively more scoring, particularly in English.

NDA 2 2026 Mathematics Expected Difficulty Level

The [NDA Mathematics](#) paper carries **300 marks and contains 120 questions**. Based on recent trends, the paper is expected to be **moderate to moderately difficult**.

Candidates can expect a combination of direct, conceptual, and application-based questions. Algebra, Trigonometry, Calculus, Matrices and Determinants, Coordinate Geometry, Probability and Statistics are among the important areas to revise. Recent PYQ analysis also points towards an increasing presence of multi-step and application-oriented questions.

What Can Make NDA 2 Maths Difficult?

- Lengthy calculations
- Multi-step questions
- Concept-based problems
- Time pressure
- Questions requiring multiple formulas or concepts
- Negative marking for incorrect responses

NDA 2 2026 GAT Expected Difficulty Level

The **General Ability Test** carries **600 marks** and consists of English and General Knowledge. The overall GAT difficulty is expected to be **easy to moderate**, depending on the distribution of questions across Science, Social Science, and Current Affairs.

English

The English section is likely to remain one of the higher-scoring portions of GAT. Candidates can expect questions based on:

- Grammar
- Vocabulary
- Synonyms and Antonyms
- Spotting Errors
- Sentence Improvement
- Reading Comprehension
- Sentence Arrangement

Recent NDA analyses have assessed English as **easy to moderate**, with grammar and vocabulary forming important areas.

General Knowledge

The GK portion can be comparatively unpredictable because it covers several subjects, including:

- Physics
- Chemistry
- Biology
- History
- Geography
- Polity
- Economics
- Current Affairs
- Defence-related awareness

The [NDA 1 2026 GAT](#) was reported to be around the **moderate** level, with English relatively easier and GK requiring stronger preparation across current affairs and static subjects.
