## India's No. 1 Defence Academy

### NDA 2 Previous Year Cut Off: Last 10 Years

#### NDA 2 Previous Year Cut Off (Written Exam)

The NDA written cut off is the minimum score required to qualify for the [SSB Interview](#). Candidates must also score at least **25% marks in each subject** (Mathematics and GAT) to be considered for qualification.

#### NDA 2 Previous 10 Years Written Cut Off

| Year | NDA 1 Written Cut Off (Out of 900) | NDA 2 Written Cut Off (Out of 900) |
|------|------------------------------------|------------------------------------|
| 2024 | 291                                | 305                                |
| 2023 | 342                                | 335                                |
| 2022 | 345                                | 340                                |
| 2021 | 341                                | 338                                |
| 2020 | 340                                | 332                                |
| 2019 | 339                                | 330                                |
| 2018 | 336                                | 328                                |
| 2017 | 335                                | 325                                |
| 2016 | 288                                | 229                                |

#### Analysis:

The NDA written cut off has generally remained between **325 and 345 marks** over the years, except in 2016 and NDA 1 2024. Candidates preparing for NDA 2026 should aim to score **360+ marks** to stay in a safer range for SSB qualification.

## NDA 2 Previous Year Final Cut Off

The NDA final cut off is released after the completion of the **Written Examination, SSB Interview, and Medical Examination**. It represents the marks secured by the last recommended candidate in the final merit list.
